

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. Preface

IN the sixth issue of "Club Women of New York" the publishers feel that they are offering to the members of women's organizations and to others who may be interested a publication that is well established, having won a place for itself among the best-known directories of Greater New York.

The present edition has the honor of including in its register two hundred clubs and patriotic societies of Greater New York, with a directory of the members' names and addresses.

In facilitating the business of individual clubs and in bringing these clubs into closer communication with one another, "Club Women of New York" is aiding in the achievement of the unity in which there is strength, and is thus proving an effective means for the furtherance of that improvement in human affairs for which all women's clubs in their various ways are working.

Convinced that the representative advertising accepted by them enhances the value of the book because of its especial appeal to women, the publishers ask the club women who use this volume to regard the advertising no less than the reading pages as useful information and to patronize the advertisers whenever this is possible.

The time has come when the advertising columns of any publication can no longer be separated from the other reading matter as regards ethical responsibility. Publisher and reader as well as advertiser now have a responsibility in the matter. That of the publisher is to allow only reputable and reliable articles to be advertised in his publication; that of the reader is to do what she can to help make his advertising profitable to the advertiser.

The publishers desire to express their appreciation of the interest displayed and their sincere and hearty thanks for the aid given by officers and members of clubs and patriotic societies in furnishing material for the present edition of "Club Women of New York."

NEW YORK CITY FEDERATION OF WOMEN'S CLUBS

The New York City Federation of Women's Clubs was organized February 16, 1903, with twenty-five charter clubs, and at present has a membership of seventy-four clubs and more than 400 associate members, representing over 40,000 women in all. The object of the organization is to promote good fellowship, strengthen the bonds of club life, and to acquire the power for united action in the advancement of civic improvements, educational interests and philanthropic work. The three conventions of the year are held at the Hotel Astor in October, February and May, at which each club is represented by its president and two delegates. At the Annual Meeting held in February the officers of the Federation are elected to serve two years. The work of the Federation is done by committees, and the chairman and members of each committee are chosen from clubs working along similar lines.

CORSET MAKING

is an Applied Science, according to the

"GOODWIN"

principles of construction

By actual test it is proved:

- ¶ That the **Goodwin** Corset establishes the center of gravity of the body in a normally correct position.
- ¶ That it does not restrict the breathing capacity, or impede the healthy action of any organ of the body.
- ¶ That it gives an upward and inward support to the abdominal walls without injurious compression of the hip muscles.
- ¶ That it follows the compensating curves of the spine that enable the body to preserve equilibrium with perfect ease.

These are some of the reasons why the wearers of GOODWIN Corsets declare them ideally comfortable, and why we, with perfect confidence, invite the most exacting tests from critical people

**A COMPLETE RANGE OF MODELS READY-TO-WEAR, AND
CUSTOM MADE FOR EVERY INDIVIDUAL NEED,

DESCRIPTIVE SKETCHES SHOWING PURPOSE AND GOVERNMENT OF ORGANIZATIONS ENROLLED IN THE NEW YORK CITY FEDERATION OF WOMEN'S CLUBS.

ALUMNAE ASSOCIATION NEW YORK MEDICAL COLLEGE AND HOSPITAL FOR WOMEN.

Manhattan.

As a body of Alumnae the members have the welfare of the New York Medical College and Hospital for Women at heart, and seek to uphold the hands of the Alma Mater by moral, financial and practical support. The interior work of the Association can hardly interest the public at large, for while philanthropy is the underlying theme, at the bi-monthly meetings, medical opinions are interchanged with advantage to both young and old.

An annual meeting is held the day after Commencement, when the year's business is recounted, the new graduates welcomed as members, and the election of officers held. This meeting is usually well attended by members from a distance, and on the evening of the same day the annual dinner takes place, at which the newly graduated are guests of honor.

Membership is limited in order to keep it possible for the meetings to take place at the members' homes. Interesting programmes are carried out at the meetings and good work is accomplished by the club.

LITTLE MOTHERS' AID ASSOCIATION,

236 Second Avenue,
Manhattan.

No salaried officers, non-sectarian, and dependent upon voluntary contributions for support.

The Little Mothers' Aid Association was organized in 1890 and incorporated in 1899.

The object of the Association is to teach cooking, sewing, dressmaking, laundry and hygiene to those children who have the care of the household and babies while the wage earning mother is at work; also maintain a summer house at Pelham Park, where a large number of children are given outings from May to October.

In special cases of ailing or needy children, a week's vacation or more is given, when sea bathing, pure air and good food strengthen the little mother for her work during the year. Home-making circles are maintained all the year around at 236 Second Avenue, 16 Greenwich Street, 365 East 141st Street, and 48 Morton Street, Brooklyn, where instruction in home making is provided, including the lessons in making and mending of clothes, in the selection and preparation of foods, instruction in the care of their own health and that of the infants in their charge.

Day nurseries have been established at the various branches for the youngest children to enable the Little Mothers to attend school and their classes. About five thousand (5,000) children are cared for annually, and at Christmas and Easter fifteen thousand (15,000) Little Mothers receive refreshments and gifts. The Association gives a bazaar annually at the Waldorf-Astoria, which is the principal maintenance of the work.

THE POST PARLIAMENT,

Manhattan.

"Good judgment waits upon deliberation."

The Post Parliament was organized in 1894 by Mrs. Ellen Hardin Walworth and incorporated in 1896. The club was the natural outgrowth of the parliamentary classes conducted by the founder, and the conduct of classes in parliamentary law and debating is, under the requirements of the Constitution, part of the regular work of the club.

In 1902 Mrs. Walworth was created Honorary President, and Miss Anne Rhodes served the club as its President until 1904. Miss Rhodes, finding her time too full to allow her to continue in the office, withdrew, and Mrs. John Fowler Trow was elected to succeed her.

The Post Parliament meets at the Waldorf-Astoria on the second and fourth Friday of every month from October until May, at 11 a. m. The program is devoted to topics of general interest, Civics and Parliamentary Law being given the greatest prominence. Papers are prohibited, and all members must speak without notes. The second Friday in January is devoted to caricaturing some form of legislative procedure, which is, however, carried out in a strictly parliamentary manner. This is called the Moot Parliament. The Post Parliament aims to train its members to be ready and logical speakers and to show the importance of strictly observing parliamentary procedure.

NEW YORK STATE WOMAN SUFFRAGE ASSOCIATION,

Headquarters, 505 Fifth Avenue.

The New York State Woman Suffrage Association was organized forty-one years ago. It has held Annual Conventions since that time in various cities of the State.

The first president was Mrs. Martha C. Wright, sister of Lucretia Mott. She was succeeded by Mrs. Lillie Devereux Blake, of New York. The other presidents in succession have been Mrs. Jean Brooks Greenleaf, of Rochester; Mrs. Mariana W. Chapman, of Brooklyn, and Mrs. Ella Hawley Crossett, of Warsaw.

There are 147 Auxiliary Leagues with a total membership of 27,000. In addition to this there are over 20,000 enrolled members who endorse the objects of the Association but pay no dues.

The object of the Association is to secure women legal, industrial, educational and political freedom and to obtain for them the elective franchise.

Through the efforts of the Association the School Suffrage has been secured for women in all the towns and villages of the State. Many improvements in the schools are due to this law and the opportunity it has given women to regulate the conditions through their votes. The bill was passed in 1880 and signed by Governor Flower.

The Association also secured the passage of an enactment in 1901 conferring upon all tax-paying women of the towns and villages the right to vote on special appropriations. This form of Suffrage is also enjoyed by women in three-fourths of the third-class cities. It is the same form of Suffrage as enjoyed by tax-paying men. Women have secured appropriations for new highways, schools, water and lighting and other civic improvements through their votes.

The Association is now working for an amendment to the Constitution which shall eliminate the word "male" from the suffrage clause and so admit all citizens to the full equality of citizenship.

The Association was incorporated in 1901.
